C-SPAN Coverage of the Financial Regulation Conference Committee

(June 9, 2010) -- C-SPAN has committed to send cameras to cover the open sessions of the House-Senate conference committee which is assigned to produce a final financial regulation bill, each day it meets. As possible, C-SPAN will carry the committee sessions live on one of our TV networks; however all open sessions will all be streamed live at C-SPAN.org, and be available for on-demand viewing at the C-SPAN video library (c-span.org/videolibrary).
