**WASHINGTON (March 10, 2021)** – This year, despite the unique challenges brought about by COVID-19, more than 2,300 students across the country participated in C-SPAN's annual StudentCam documentary competition. Today C-SPAN announced the 2021 winners and will award a total of \$100,000 in cash prizes to students and teachers.

The competition, now in its 17<sup>th</sup> year, asked students to join the national conversation on the challenges our country is facing with the theme: "**Explore the issue you most want the president and new Congress to address in 2021.**"

In cooperation with cable television partners, C-SPAN invited all middle and high school students to enter the documentary contest. In response, C-SPAN received over 1,200 entries from 43 states and Washington, D.C. The most popular topics addressed were:

- Health Care (14.9%)
- Environmental and Energy Policy (14.6%)
- Equal Rights and Equity (13.5%)
- Criminal Justice/Policing (7.6%)
- Education (7.5%)

"With the continual shift in the educational landscape, it is difficult to overstate just how challenging the pandemic has proven for schools across our nation," said Craig McAndrew, Director, C-SPAN Education Relations. "We are so

impressed by the resilience and ingenuity of this year's prize-winning students who have delivered among the finest short films in the history of the StudentCam competition."

High school students competed on a regional level, with the United States divided into three regions: West, Central and East. Middle school students were judged on a national basis. The grand prize winner was selected nationally among all regions and grade levels.
